

INTERNATIONAL CONFERENCE ON IoT, Communication and
Automation Technology Conference Date: 23rd and 24th June 2023

Special Session

Intelligent Information System Application and Design

Topics Covered is not limited, Submissions for ICACITE – 2023 conference Special Session are welcomed in the following areas:

- Integrating Artificial Intelligence
- Intelligent application and Artificial System
- Architectural Design application of Artificial Intelligence
- Database technologies to create next generation information systems
- Systems architectures, analysis and design tools and techniques,
- Intelligent control, Neuro-control, Fuzzy control and their applications
- Machine Learning application
- Cyber Security through Machine Learning Application
- information retrieval, man-computer interactions,
- Human Computer Interaction
- Data Visualization
- Image Analysis and Virtualization
- Network and Cloud Virtualization
- Cloud Security System

The Special Session Paper Submission will be made through EasyChair for ICICAT2023 the Conference Paper Submission link available on Conference Website

https://bit.ac.in/bit_conference/call-for-paper

Special Session Chair-

- 1. Dr. Ranjeet Kumar, Professor, Head (R&D), MIET Meerut**
- 2. Dr. Rajesh Kumar Singh, Professor, CSE, MIET Meerut**
