

BUDDHA INSTITUTE OF TECHNOLOGY
Department of Civil Engineering
ACADEMIC YEAR 2025-26

Industrial Visit Summary

The Civil Engineering Department, Buddha Institute of Technology, organized an Industrial Visit on [25/02/2026] to [Gallant Cement Plant, Sahjanwa Gorakhpur] for the students of [Civil 2nd year/4th Semester/Section-A].

The objective of the visit was to provide students with practical exposure to [Cement Manufacturing Process and testing of cement.]The industry officials explained various processes, operations, and technologies used in the field. Students observed real-time applications of the concepts studied in the classroom and interacted with experts to gain deeper insights.

The visit enhanced students' understanding of [Cement Manufacturing Process and raw material of cement] and motivated them to connect academic knowledge with industrial practices. Overall, the program was highly informative and beneficial for bridging the gap between theory and practice.
