

BUDDHA INSTITUTE OF TECHNOLOGY

DEPARTMENT OF COMPUTER SCIENCE AND INFORMATION TECHNOLOGY

ACADEMIC YEAR 2025-26

PLACEMENT AWARENESS WORKSHOP SUMMARY

A **Placement Awareness Workshop** was successfully conducted on **11 March 2026** for the **pre-final year students of the Computer Science and Information Technology departments** at **Buddha Institute of Technology, Gida, Gorakhpur**.

The session was delivered by **Mr. Ujjwal Kumar Srivastav (Director – Outreach & Development)** in the presence of **Dr. Roop Ranjan (Director)** and **Mr. Shashank Kumar Srivastav (Head – Training & Placement)**.

The workshop aimed to **guide and prepare students for upcoming placement opportunities**. Mr. Ujjwal Kumar Srivastav shared valuable insights on **industry expectations, skill development, resume building, interview preparation, and the importance of communication and technical proficiency** for securing placements in reputed companies.

Dr. Roop Ranjan motivated the students to **focus on continuous learning, discipline, and professional development** to enhance their employability. Mr. Shashank Kumar Srivastav highlighted the **placement roadmap, training activities, and preparation strategies** that students should follow during their pre-final and final year.

The session was **highly informative and interactive**, helping students understand the **importance of early preparation for placements** and encouraging them to actively participate in upcoming training programs and placement drives organized by the institute.

The workshop concluded with a **vote of thanks**, encouraging students to stay focused, improve their technical and soft skills, and make the best use of the opportunities provided by the Training & Placement Cell.
